Summary

A versatile professional with a solid foundation in Mechanical Engineering and hands-on experience as an Oracle Cloud consultant.

Skilled in translating raw data into actionable insights, with a specialized focus on facilitating seamless transitions during the migration process from Oracle EBS to Oracle Fusion.

Proficient in handling BI, OTBI, Oracle Forms & Reports.

Currently navigating a strategic transition into a Data Analyst role, showcasing proficiency in SQL, PL/SQL, data visualization using Power BI and advanced statistical analysis.

Actively seeking opportunities within Data Analysis, with a growing understanding of business areas, especially in Procure to Pay(P2P) and Order to Cash(O2C) cycles.

Driven by a passion for contributing a unique blend of engineering and Cloud ERP expertise, including BI and report development, to enhance operational efficiency ,decision-making and insights.

Beyond the professional realm, I am deeply committed to continuous learning and growth.

My enthusiasm extends to exploring emerging trends and staying well-versed in industry developments.

A dedicated reader, I find joy in delving into literature to broaden my knowledge and perspectives.

My keen interest in AI and data science fuels my ongoing learning journey, contributing significantly to my professional development.

Equipped with these skills, I am poised to leverage my technical expertise for impactful contributions in the dynamic landscape of data analysis.

Managed Engineering Store Dept for the issue of various parts of machine.Worked on SAP software for punching the material and issue of Gate Pass.

Education

Visvesvaraya Technological University
Bachelor's degree, Mechanical Engineering
Jul 2016 - Oct 2020

ST Joseph & Mary's School
12, Science
Jun 2014 - May 2016

ST Joseph Day School
10, Science
Apr 2013 - May 2014

Licenses & Certifications

HVAC Internship Certification - deltaT MEP Technical Academy
Issued Jan 2020 - Expires Feb 2020

Oracle Apex - Udemy

Oracle Cloud Infrastructure 2023 Certified Foundations Associate - Oracle

Power BI Desktop - Coursera

Skills

Data Migration • P2P & O2C • Oracle E-Business Suite • Oracle Fusion • FBDI • Data Analysis • Python (Programming Language) • Jupyter Notebook • Oracle SQL • Oracle PL/SQL
